CHECKLIST

Checklist for arranging flowers in a tall narrow vase

- [ ] Fill the vase with clean water to just below the rim
- [ ] Roll and insert chicken wire if stems are soft or heavy
- [ ] Cut the tallest stem to roughly twice the vase height
- [ ] Place stems at different heights, crossing them below the rim
- [ ] Strip leaves from the lower portion of each stem
- [ ] Change the water every other day and retrim stems
- [ ] Remove faded blooms promptly to protect the rest
