

CHECKLIST

Reviving Supermarket Flowers - Your At-Home Checklist

- ☐ Remove all packaging, rubber bands and protective wraps immediately

- ☐ Strip all leaves from the lower third of each stem

- ☐ Cut stems at a 45-degree angle with sharp secateurs or a knife

- ☐ Stand flowers in deep, room-temperature water for at least two hours

- ☐ Wrap drooping rose or tulip heads in paper whilst they rehydrate

- ☐ Inspect stems for bruising, soft spots or dark patches and trim them away

- ☐ Arrange in a clean vase with fresh water, away from sunlight and heat

- ☐ Change the water and re-cut stems every two days

- ☐ Remove any leaves or petals that touch the water or start to brown
