CHECKLIST

Chicken Wire Prep and Fitting Checklist

- [ ] Measure mesh three times the width of your vase opening
- [ ] Fold sharp edges inward before scrunching
- [ ] Form a loose dome with gaps for stems to pass through
- [ ] Position the ball just below the vase rim
- [ ] Anchor with waterproof tape in a cross shape over the opening
- [ ] Fill with water before threading stems
- [ ] Rinse and dry the wire after dismantling the arrangement
- [ ] Store in a loose ball to preserve its spring
